During all his practice, that is, in the treatment of Rheumatism, Kidney and Bladder troubles, this eminent physician has employed one simple prescription which, he states, has proven itself of underlying curative value. Dr. Flood has kindly consented that we reproduce a copy of this famous prescription which, he states, has proven itself of our readers.

A few weeks ago Director William Hornaday deedded that the Zoo drove had grown too big. It had nearly fifty members. So he offered to the Government a selection of the herd. The offer was promptly accepted. Frank Rush came on as special agent to arrange for the transportation of the big beats. Fifteen of the buffaloes, mainly y ung cows, yearling buils and half-krown ealives, were cut out from the main hunch the other day and isolated in a narrow range. To-day a temporary runway was built at one end of ranks, and in the presence of an audience of two thousand park employes. Resper. Pirector Hornaday, Assistance in the treatment. GERMANY HARD UP.

BERLIN, Oct. 10.—Rumors are in circulation here that the empire is soon to raise a new loan. The Taxchatt gnows that the various credits already authorized but not realized amount to \$35,50,000. It is informed in official quarters that the Government is trying to postpone a loan until after the New Year and possibly until next April. Meanwhile it is raising money to meet pressing wants at the Reichsbank upon treasury bills.

Reasonable Rules For Rheumatics.

Western Specialist Explains a Few Simple Rules for the Avoidance and Cure of Rheumatism, Kidney and Bladder Troubles.

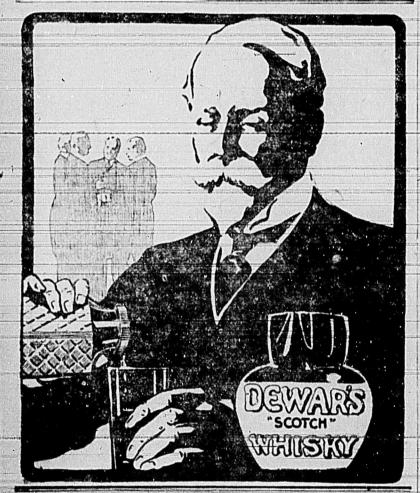

Dr. George Edmund Flood states that Rheumatism and the various forms of Kidney and Bladder troubles are among the most easily curable diseases—that is, when they are treat-

According to Dr. Flood, those persons suffering from any of these all-ments should exercise the greatest moderation in the consumption of rich foods. Dr. Flood has met with great success in his practice in the treatment of these complaints, and he has advised all of his patients to substitute for such a diet as we have just mentioned, the simpler and more ces, left town this afternoon, nourishing souns, broths, fresh milk, gravelling in state by special express fresh vegetables and plenty of pure

STARTLING!

Facts That Cannot Be Frowned Down-Also Why THE 14TH STREET STORE Is Such a Powerful Factor in the Practice of Sound Economy.

EVERYWHERE prices are leaping higher. New York, with its tremendous aggregation of human beings feels the present situation interests. beings feels the present situation intensely.

---The grasping greediness of the trusts

-The growing population and consequent increased demands

The shortage in food and other supplies

- The staggering investments of the past year in stocks, in enormous real estate transactions, the amazing expenditures on municipal and transit improvements

The increases in rents --- The increases in the cost of food supplies --- The increases in the cost of wearing apparel

--- The increases in the cost of luxuries --- The increases in the cost of fuel

REACH MUCH MORE THAN HALF A BILLION DOLLARS

The situation is therefore acute, and means that thousands must practise the most careful economy. Mr. Henry Siegel has given the most positive instructions to sell Food Supplies, Home Furnishings and Wearing Apparel at the old low prices in every possible instance. Being closely affiliated with the Three Other Mammoth Department Stores under the personal presidential supervision of Henry Siegel, we are able to control stocks varied in character and enormous in quantity-many of which we bought before the market rises.

> AS AN ECONOMY HEADQUARTERS THE 14TH STREET STORE RISES SUPREME OVER ITS KEENEST COMPETITORS.
